

PLAN OF
PROPOSED WIDENING OF WATER STREET
NORWICH
CONN.
1911.

PROPOSED PLAN FOR WIDENING LITTLE WATER STREET.

NEW PLAN FOR STREET WIDENING

Submitted to City Authorities by J. B. Shannon For Little Water Street—Advantageous Proposition Received With Much Favor.

Pursuant to his statement of a few days ago, when he purchased the Potter property in Little Water street, James B. Shannon has made another offer to the city authorities concerning the widening of Little Water street, which is reported as being considered an excellent one, inasmuch as it reduces the cost of making such an improvement materially, and it is thought will bring the improvement within the bounds of possibility.

Until the entire matter is decided, there being other property owners to see, the terms of the proposition are withheld, but the fact that the offer is considered an advantageous one for the city leads to the belief that if the rest of the plan can be put through as well, that it will be but a short time now before a city meeting will be held to consider an outlay for the project.

The idea is to make a straight line on the south side of Little Water street from Shetucket street to Market street. This was the proposition as taken up by the board of trade some time ago and referred to the court of common council, which, on securing the figures from the property owners at that time, found it could not be done less than \$30,000, and that they did not think the citizens would vote it. The new proposition reduces that amount materially, inasmuch as Mr. Shannon has since purchased the Potter property and is in a position to do better by the city. This change, as shown by the above plan, which was made some time ago when the matter was first considered, will make a wide street for the business section of the city and relieve congestion at a

desirable point. It is stated that if the change is made Mr. Shannon proposes to make a rounding corner on his new building when erected at the corner of Shetucket and Market streets, which will give the street quite a benefit there.

When public improvements have been considered Mr. Shannon has always been found ready to do his share and when he erected his Auditorium hotel gave a good sized slice of the benefit to the city without any cost whatever, though it was at a point where it commands a good figure. In this new proposition it is understood that his offer is a very liberal one.

The widening of Little Water street on the plan proposed in the above outline, the new street line being indicated by the dotted line, Mr. Shannon would sell 4,150 square feet with there would be 1,012 square feet with building to be secured from Dr. Cassidy. The change would make the street 51 feet wide on Market street, while it is now 50 feet in width at Shetucket street. For some distance in the street there would be a greater width.

In discussing the cost of such an improvement, this week, a citizen was of the opinion that the city would not be obliged to meet the entire expense in one year. In his opinion it would be wise to create a sinking fund for the improvement and lay aside a half mill or so each year and it would be but a few years before the entire amount would be raised and no one would feel it.

It is likely now that the matter will be brought to a focus and some action taken on the matter in the near future.

WILL HAVE SPECIAL CAR FOR WESTERLY TRIP.

Both Companies Will Go Down Together—Fifth Company Men Receive Olive Drab Coats.

Tuesday evening at the regular drill of the Fifth company at the armory the olive drab overcoats were distributed to the men, taking the place of the blue coats.

Not only has the privilege of leaving the state been granted the two local companies, but the Rhode Island adjutant general has granted permission for them to enter that state and parade under arms. This will be on Friday evening, when the two local companies will leave by special car at 6.45 o'clock to take in the affair conducted by the company in Westerly. Both companies will occupy the car.

Fifth Company Won.

The Fifth company's indoor baseball team showed a local combination of All-Stars how the game should be played Tuesday night at the armory, defeating the pick of the C. A. C.'s and Monahan Reds, 15 to 3. Lieutenant Nichols and Corporal J. H. Wren were the battery for the Coast artillery team. Slattery and Driscoll for the All-Stars.

For six innings the score was a tie, but in the seventh the Fifth company played their opponents off their feet, running bases like scared rabbits till they had piled up eight runs, which clinched the game.

Scores by innings:

Fifth Co.	0	3	0	0	0	3	15
All-Stars	0	0	0	0	0	0	0

Last winter the Fifth company made a record of winning every game in their season. They did fair to duplicate this year.

NEW BOOKS FOR NORWICH READING CIRCLE

Pupils by Going Through List Secure a Diploma—Further Prize of a Seal is Offered.

The following are the books that have been selected for 1911-1912 for the Norwich pupils' reading circle in the different grades:

Eighth Grade—How the United States Became a Nation, by Flax; The Three Prisoners, W. H. Shelton; Industrial Stories, N. E. Allen; A First Book in Geology, N. S. Shaler.

Seventh Grade—Explorers and Founders of America, by Foote and Skinner; Being a Boy, C. D. Warner; The British Isles, Tomlinson; Farm Friends and Farm Foes, C. M. Weed.

Sixth Grade—Abraham Lincoln, by Baldwin; An Old-Fashioned Girl, Alcott; Under Sunny Skies, Youth's Companion; The Iron Star, J. P. True; Fifth Grade—Our Country's Tappan; Page, Esquire and Knight; Northern Europe, Youth's Companion; Triumphs of Science, Lane.

Fifth Grade—Richard of Jamestown, by Otis; Story of a Donkey, Segur; Little Folks of Far Away Lands, Whitman; The Stories Mother Nature Told Her Children, Andrews.

Fourth Grade—Colonial Days in Virginia, Carolina, Maryland and Georgia, by Welsh; Asgard Stories, Foster and Cummings; Five Little Strangers, Schwartz; The Plant Baby, Brown.

Second Grade—Children of the Cliff, by Wiley and Edick; Row-Boat and New-Mew, Craik; Fishing and Hunting, Dutton; Harold's First Discoveries, Troeger.

Those who enroll in the reading circle are required to read three books from the list assigned for their respective grades each year. A diploma will be granted for the reading of required books for four years provided that three books from each class have been read.

After a diploma has been secured, a seal will be given for the reading of three books for the next higher grade. For the first three books a red seal, for the second three a blue seal and for the third set of three a green seal will be given. For the reading of four additional books from those selected for the seventh and eighth grades a gold seal shall be given.

GOING TO NEW HAVEN.

Frederick J. Harris Will Be Located in That City, Getting a Promotion.

After having been located here for a number of months as manager of the Capitol lunch, Frederick J. Harris has been notified that he is to take up the management of a new place opened by the company in New Haven and will leave shortly for his new work. His many friends will regret to learn of his intended departure and it is with regret that he will be called upon to part with his many friends here.

Troop 2, Boy Scouts.

On Saturday Troop No. 2, Boy Scouts, will have a hike, meeting on Laurel Hill bridge at 2 o'clock. There will be no meeting tonight, as Scoutmaster Morrison has left town and Scoutmaster [Name] will be otherwise engaged.

SECURES CONTRACT FOR NEW HAVEN CHURCH.

Norwich Concern Will Build Handsome Edifice for Polish Parish in Elm City.

The contract for the erection of the St. Stanislaus church in New Haven, which Polish parish is presided over by Rev. A. Mazurkiewicz, has been awarded to the Benton-Churries company of this city, and work is to be started on the structure this week. The building when completed will cost \$75,000 and will be located at the corner of 23d and State streets in New Haven. It will be constructed of brick, cast stone and granite, having a tower at one corner. The seating capacity will be 1,200. It will be lighted by electricity and heated by steam. It will be 19x75.

The same company is also building in Manchester, N. H., a comfort station for that city at a cost of \$15,000. This is of reinforced concrete with enameled brick. The excavation for that has been completed and the building is under way.

CASE WILL REACH THE JURY TODAY.

Suit of Gallup vs. Campbell for Injuries Received in Auto Collision.

The suit of H. H. Gallup vs. S. E. Campbell of New Haven for \$5,000 for injuries received in an auto collision at Norwich Town in July, 1909, was resumed in the civil superior court here on Tuesday before Judge Reed and a jury.

It was testified by Peter Freer of Bridgeport that he was driving the car in which Mr. Gallup was riding and was on the right side of the street. He was not going fast.

The first witness for the defense was E. A. Tracy, who was in the Campbell car, which was on the left side of the street, and that the Gallup car was riding backwards and that the Gallup auto was on the right side of the street. He was not going fast.

The defendant, Mr. Campbell, testified that the Gallup car ran into his car, which was on the left side of the street, at the Johnson home. He claimed the Gallup car was going 25 miles an hour. He claimed Chauffeur Freer said he was behind time and running late and because of the accident might lose his job. Mr. Campbell said his frame was badly bent, but he was able to run to the city.

Attorney Perkins was allowed to show that Mr. Campbell ran into Rev. G. B. Morgan in New Haven Nov. 14, 1908, and that as the result the clergyman died and Mr. Campbell was sentenced to ten days in jail and fined \$122.50.

Mr. Campbell said his car was going but five miles an hour at Norwich Town. Mr. Freer denied in rebuttal that his car was making 25 miles an hour and that it was near the Johnson home curb.

The testimony completed, arguments were made by Attorneys Allyn L. Brown, Arthur M. Brown and Attorney Thomas. This morning Attorney D. G. Perkins will close and after the charge by the judge the case will go to the jury.

GIRL IS GIVEN 45 DAYS IN JAIL.

Had Been in Conflict With the Law Before—Boy Sentenced to Reform School.

In the city court on Tuesday morning, Lee Harris, aged 18, was sentenced to jail for 45 days for the theft of \$17 from the room of Rev. G. A. Bryan of Otis street, where she was employed. It is claimed she has been in conflict with the law before.

For taking goods from farmers' wagons in Water street three boys were placed on probation. John Golebiewski was sentenced to the state reformatory school for being incorrigible. He will be taken away today.

J. J. C. STONE.

Former Norwich Bowling Alley Man Visits in Town.

John J. C. Stone, formerly of the Rose bowling alleys here, and now proprietor of the Casino alleys in Hartford, was an over-night visitor here on Tuesday. The bowling game in Hartford, he reports, is starting in this season full of enthusiasm and the Casino alley representatives are holding their places in the top ranks in tournaments in which they are competing. Since going to Hartford Mr. Stone has been instrumental in the formation of a fraternal society bowling league which has started with eight different fraternal societies represented. Mr. Stone was elected president of the league and the matches are rolled on the Casino alleys.

Tuesday night in the state league dockpin match the Casino team defeated the Algonquins three straight in the two-man contests, while on individualists they took two of the three games.

A Silken Lustré To the Dullest Hair

(Fashion's Mirror)

"Proper care of hair and scalp does not mean time-consuming and expensive trips to the hair-dresser's. Simplicity is the keynote—just an occasional brushing of soap and hair on which has been sprinkled a tablespoonful of dry shampoo mixture. This is brushed through and out of the hair, and with it comes all dust, dandruff and excess oil.

"To prepare the dry shampoo, mix together either 4 ounces of orris root or corn meal and 4 ounces of theriac. Keep in sifter-top can and use once or twice each week. After a few shampoos dull, stringy, lifeless or brittle hair grows wonderfully soft, silky and lustrous. Continued using induces a luxuriant growth."

MOTHER WAS WISE

Built Up Boy's Strength Instead of Giving Cough Syrup

A lingering cough is a sure sign of weakness in a child, and the sensible thing is to build up the system. Then the cough will disappear.

But if the child has no appetite, then it needs Vinol, which has not a particle of the nasty, greasy smell and taste that make children hate cod liver oil. Vinol is so pleasant they like to take it and it builds them up wonderfully.

Mrs. R. Inna of New York city says: "My little boy had a very bad cough for two months. I did not like to give him cough syrups for many of them are not good for children. But I did give him your delicious cod liver and iron remedy Vinol and one bottle caused his cough to disappear entirely and restored him to health."

We guarantee that Vinol will build up and strengthen weak, pale children and all rundown persons of every age. If it does not do all we claim we give back your money. Broadway Pharmacy, G. G. Engler, Norwich, Conn.
